Reference: April Quarterly Report (1/1/10 to 3/31/10)

To Whom It May Concern,

We are in receipt of the Commission's letter regarding the above referenced reports. Please see below for our response.

Our committee is aware of the best efforts standard established by the Commission and does have in place a system that meets that standard. All of our original solicitations have the request for employer and occupation information on them. For the donors that do not provide that information, we automatically send them a written request for it within 30 days. This follow up does not request any additional monies and contains a self addressed envelope. Finally, we add the new information to our database and report it going forward. Both our original request and the follow up inform the donor that it is a requirement of the federal law that we ask for this information. Please see below for the employer occupation information gained from our follow up requests since our last filing:
